Ol' McKendree

Ah, ol' McKendree . . . 150 years old! And what a journey you've traveled!

Yes, there were some older than you. Augusta College in Kentucky and Madison College in Pennsylvania but you have managed to outlive them all. What is the secret to such a good life?

Tell us---have you some favorite sons? What of Peter Cartwright, that boisterous circuit rider who had so much to say in founding you.

Or perhaps one of the early Methodist settlers who established the Lebanon Seminary in 1828.

And then there was Samuel Deneen, a graduate who became governor of Illinois and a United States Senator.

Yes, and John Locke Scripp, an 1843 alum, who became a very noted newspaper editor, or

General Wesley Merritt, a former student who was appointed superintendent of the United States Military Academy.

What's that you say . . . they're all your pride and joy? I understand.

You've changed so much through the years McKendree. Before the Civil War there stood a lone wood structure on your campus. Now look at you, some of the most beautiful Georgian architecture to be found anywhere in the Midwest.

What A Journey You've Made

These buildings are telltale signs of your age. Why, Old Main was built in 1850 and Bothwell Chapel in 1858. That bell we hear ringing? You say it is the oldest in the United States, cast in the eighth century Spain.

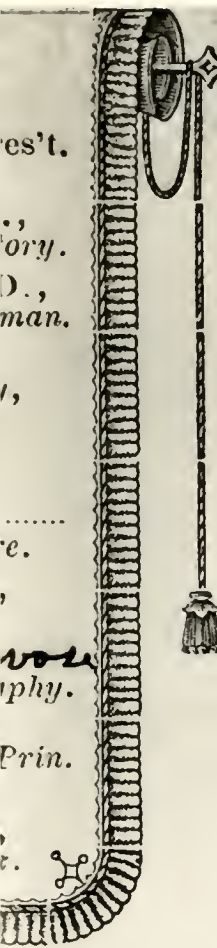

And the Old Science Hall, once a one-story building, was the original home of the McKendree Athleteon Association.

And how you tried to hide your age by constructing those modern dormitories and that beautiful library. Only to keep your students comfortable.

But think back just a moment, McKendree, what is it you cherish most in 150 years.

You must be proud of the 117th Civil War Regiment. That band of soldiers carried your name as far south as Vicksburg and marched over 2307 miles, traveled 1691 by water and 778 by rail. They remembered you when they returned. That double row of trees extending south on the front campus was planted by the 117th.

You must have been a sports enthusiast. I would venture to say that few people today even are aware that you fielded excellent football teams in the early 1900's. From 1892 until 1951 the Bearcats were well known on the gridiron. Jolly old Cameron Harmon, what a tackle he was!

Rev. Peter Cartwright

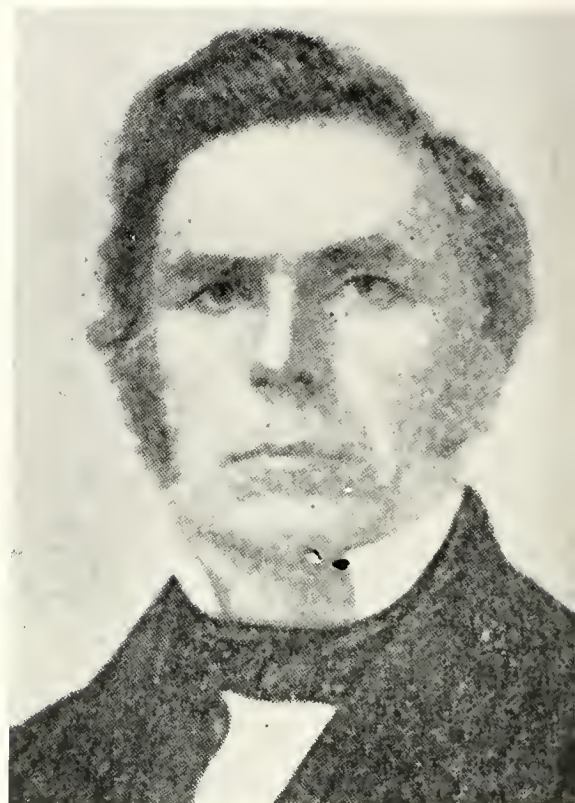

But tell us your secret McKendree. How have you managed to survive through the Great Depression, through the hardships of two World Wars and the student unrest of the 1970's?

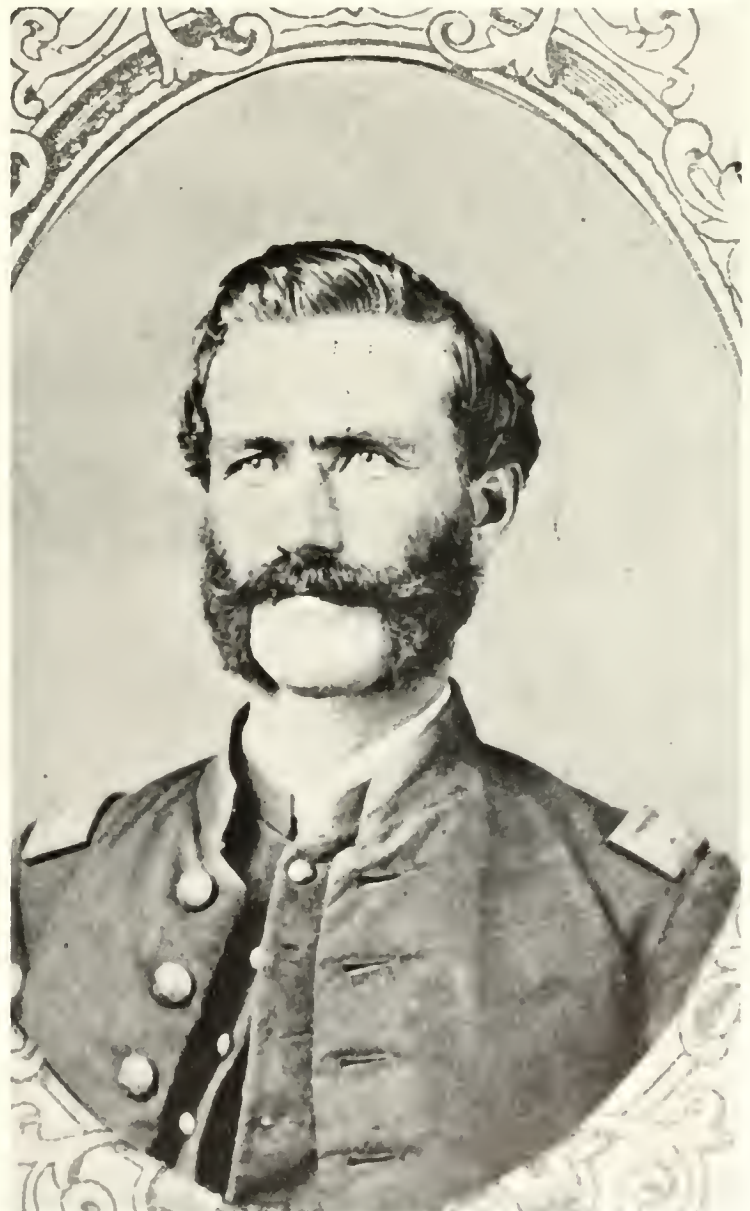

Private Colleges just don't survive on merit along.

Alumni and don . . . donors you say? People like Rebecca Foreman, Marion Bothwell, Clarence Holman, Benjamin Hypes and Edna Throgmorton?

What a pity their names aren't found alongside the Cartwrights, Deneens and Chamberlins!

Well thank you McKendree. It's been a very interest chat. See you on your 200th.

Men's Lib Hits Muck Homecoming

"Homecoming king? You've got to be kidding!"

Even though it sounded like a joke, Muck did have a king for this year's court. The entire idea was initially taken lightly, but as homecoming neared, students began to take the idea seriously. The idea is an offshoot of the Title IX amendment that prohibits sex discrimination in all educational activities at schools and colleges receiving federal aid.

"What? There's no basketball game scheduled for November 6. . . . Soccer! You mean the homecoming game is a soccer match this year?"

That's right. The traditional homecoming game was played by the soccer team. It was a perfect game to add to the excitement of homecoming. Although the Cats dominated and clearly outplayed the University of Indiana, we won by a mere score of 1-0, and that came by a fouled up pass to Indiana's goalie that got past him.

"Should we take an umbrella to the parade?"

No need. It was a beautiful, sunny day, and exceptionally temperate for November. The parade consisted of 40 units, of which five were those built by the sororities and fraternities. Egalite and AO tied for first place in the float competition, and the combined entry of Clio and the BS'ers came in third.

8. Christmas dance. Tom Clark, Tracy Miller, Bob Polka, Ann Adams, and Dan Bosslet

The '76-'77 student government has been very active on campus this year. One of our major projects was a book fair held on December 4th. and 5th. Though pur profits were not tremendous, we enjoyed ourselves and feel the Mc-Kendree community appreciated our efforts.

We joined in the Christmas spirit as a group by decorating Ames Hall and by visiting the Shrine's Christmas display. A donation was made to the Roy Ward Fund and later in the year to the American Cancer Society in honor of Onita Haeuber.

Another major project sponsored by student government is the installation of a marquee near the commuter parking lot. Hopefully this marquee will aid in informing commuters of the activities planned.

Student government gave a reception in honor of the five McKendree students who recieved the Who's Who in American Universities and Colleges Award. Also sponsored by student government was the teacher evaluation forms; a process which is tedious but valuable.

Besides meeting regularly as a group, each student government member served on a faculty committee. The student input on these committes is valuable not only to the student body, but also to the faculty. This year's group has not only been involved in the present, but also made some plans for the future. We have a sesquicentennial committee preparing for next year and have discussed several possible work projects.

Sigma Egalite is a relatively new student and community service organization. Sponsored by the Soropimist Club of Metro-East Illinois, it is the only co-ed service organization on campus. The primary goal is to improve brotherhood and sisterhood.

During the 76-77 school year, Egalite actively participated in intramurals for the first time and continued their involvement in other college activities. This year also saw the establishment of an annual Sigma Egalite scholarship to be given to an incoming student majoring in any field which promotes working closely with people. There are now 10 members in the society.

Where there's a party - we are seen.

Service Projects we love to do-
For older folks and wee folks too.

Biking for Cancer and Marching for Dimes-
Washing cars and having good times.

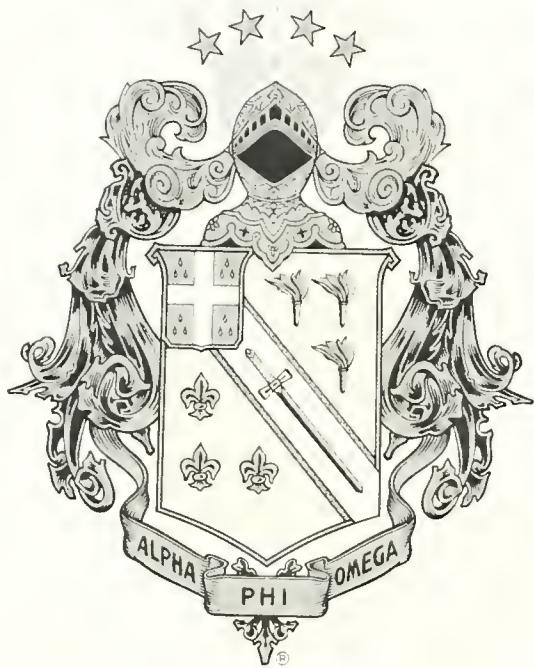

Spring brings-Leprechauns Legs,
Stationary Sales and Easter Eggs.

Secret Pals always come through-
To cheer us up when we're feeling blue.

When Homecoming Floats are in the race,
Our creativity wins First Place.

Alpha Omega the beginning and end,
Means Sisterhood and being a Friend.

6. Dave and Kevin take a break while on a service project.
7. Dave Potthast, John Pepper, and John Potthast out-side the national convention hall in Atlanta, Ga.

Alpha Phi Omega is a national service fraternity with chapters at more than 550 colleges and universities across the nation. The chapter at McKendree is Chi Omega chapter. Our Alpha Phi Omega chapter originally started as Alpha Kappa Tau in the spring of 1967, which is also a service oriented organization. On February 12, 1972 after 5 years of hard work the fraternity was chartered by the national fraternity. Chi Omega exists to serve the needs of the colleges, the community, and the members of the fraternity, and is the only national fraternity on campus.

Epsilon Gamma chapter of Gamma Sigma Sigma is a national service sorority. Activities throughout the year include time spent giving parties for children, visiting, and doing odd jobs for shut-ins, as well as other community and campus projects. A good deal of emphasis is also placed on social activities such as intramurals, the annual alumni party, and the mother-daughter banquet.

This year marked the 25th. anniversary of Gamma Sigma Sigma.

The Clonian Literary Society has been an intergral part of the McKendree campus for 108 years. We are the oldest society for women on campus with a long record of achievement. Not only was Clio the first society for women, but the earliest president was the first woman to graduate from McKendree.

Clio's activities this year include ushering for the musical and theatrical productions, collecting donations for the March of Dimes, aiding with the Swine Flu innoculations, and several cleaning projects.

We are proud of our heritage and proud to be the Clonians who continue to strive for those things we hold dear, loyalty, friendship, and sisterhood.

May Clio advance year by year, growing richer in her friends and her achievements.

Philo The Philosopherian Literary Society

THE PHILOSOPHIANS: Sitting: Charley McDonald, Charley Headley, and Keith Worley Standing: Advisor, Phil Neale, Tom Milliner, Mark Brown, Dan Bryan, and Don Austin

The men of Phi Lambda Sigma (Philo) are a closeknit group of individuals interested in sharpening their literary skills as well as enjoying the social aspect of fraternity life. Being the third oldest literary society in the nation (founded in 1837) and the oldest society west of the Alleghenies, Philo has a colorful and impressive history which includes a number of men of historical significance. Philo is proud of its past and strives to carry on its tradition with preservation of old records, work on the hall, an emphasis on its literary tradition, and recently renewed contacts with many past members. While Philo places great emphasis on the brotherhood which grows in a close group, they see this brotherhood not as the groupness of a closed group, but as the closeness of an open group.

The men of Ferox found the '76-'77 school year to be a busy one. The members conducted workdays ranging from washing cars to carrying groceries to unloading moving vans. These workdays helped to finance the annual alumni weekend which was held in late November, and a spring party in February. Both parties attracted nearly twenty alumni who came to join the festivities.

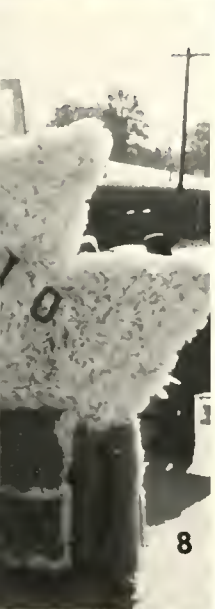

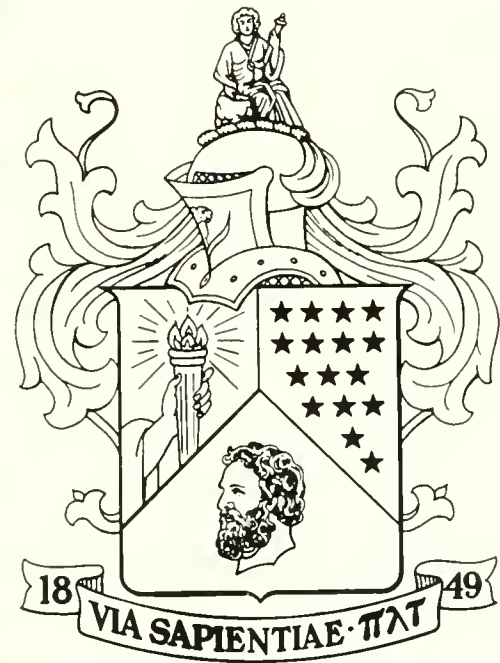

Ferox would also like to welcome their three newest members, Sam Burgess, Tim Miller and Jeff Whitaker.

6. Christmas reception. Charlie Headley and Glo Pearson. Toby Johnston and Kirk Hinson
7. Kim Keith and Dave Warnecke
8. John Vidakovich and Dr. Thomlison
9. Mark Schmidt

The Campus

1. Eat it Joe! Luan Lucy and Joe Lanius
2. Timber!
3. Did you ever see a "Pot" fly? Flap those wings John
4. Oh, how sweet. Stan Ware, Alyson Smith and Don Austin
5. The BLHA Society, at society headquarters in Ron's Lounge
6. Dale "Big guy" Jacobs, Casey Reinkoester, Phil "Dr. Love" Boyd, and Kevin "But-but" Butler
7. Rudy. Is that your face or a Halloween mask? Oh, it's your face. I should have recognized your handsome features anywhere
8. IM spectators exude enthusiasm
9. Don't look now girls! Here comes "Boss" "let", "Beer" "man", "Radar", and "Fish". Oh my gosh! They don't have any clothes on.

THE HYMN: "O God, Our Help in Ages Past"
(Audience will begin singing with first stanza.)
O God, our help in ages past, Our hope for years to come,
Our shelter from the stormy blast, And our eternal home!
Under the shadow of thy throne, Still may we dwell secure;
Sufficient is thine arm alone, And our defense is sure.
Before the hills in order stood, Or earth received her frame,
From everlasting thou art God, To endless years the same.
A thousand ages, in thy sight, Are like an evening gone;
Short as the watch that ends the night, Before the rising sun.
Time, like an ever rolling stream, Bears all its sons away;
They fly forgotten, as a dream dies at the opening day.
O God, our help in ages past, Our hope for years to come;
Be thou our guide while life shall last, And our eternal home! Amen.

The Louisville-Elizabethtown Center continued to expand and solidify its position in the Kentucky academic community during the last year.

In September, 1976, Dr. Charles Fagin was appointed full-time Resident Administrator with responsibility for all academic affairs. Mr. Hershel Finney continued his work as Director of Admissions and Extension Development. A full-time secretary was also added to the staff.

Consortium arrangements were completed with Spalding College of Louisville to permit Center students full access to a completely equipped college library.

At the request of the McKendree Administration, Dr. A. Junz and Dr. D. Fogarty of the Regional CIC spent two days at the Center in January to inspect the program. Their report contained both commendations and valuable recommendations for continued improvement.

More than 30 students completed their degree requirements at the Center in the last academic year.

DEVIL'S DISCIPLE BEDEVILED

It looked as though THE DEVIL'S DISCIPLE would never be ready on time. Not only did a cast have to be directed, a set built, and all the other things necessary to a performance completed, but redesigning the stage and lighting was also undertaken. Was it easy? Well, Jere Berger, who directed the play, designed and built the set, redesigned the stage and lights, took care of costumes, engineered the lighting and sound, and tracked down most of the properties didn't think so. When he was making the hangman's noose for the last scene he had a hard time deciding whether to use it for the set or himself

"The Beggar's Opera" had to beg to get on stage. It was a full fledged play, originally, but the rehearsal schedule was too heavy for the cast. Therefore, it was produced as reader's theatre. Even the minimal rehearsal schedule was still too great for the cast, and they were "begged" to come to rehearsal.

Everyone finally came for dress rehearsal, and even the performances. The play hit the stage "begging for a miracle. Did it get one? Well, the audience didn't "beg" for more at curtain fall, but at least they had some good belly laughs from the bawdy language and inuendo throughout the play.

Spring Formal

"Should we have a spring formal?"
"No. I don't think enough people are interested."

"Okay. We won't have one this year."

But wait! Enough people expressed their disappointment about not having a spring formal that it was decided to have one after all.

"Hello. Augustine's Restaurant? We need a large room for April 23."

"We can give you patio 3."

"Fine. We'll take it."

However, not enough people signed up for such a large room. Augustine's gave us the Safari Room.

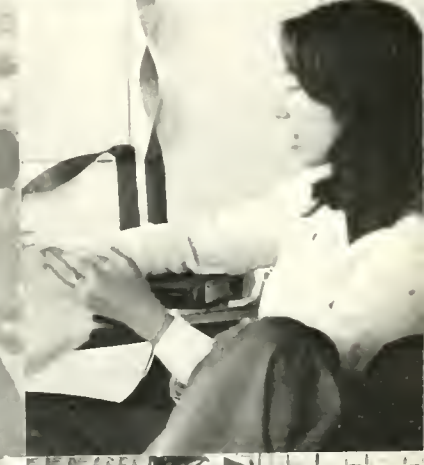

"This is the Safari Room? My living room is bigger. How are we going to get 25 couples and a band in here? Band. Where's the band! Dinner is being served and the band isn't here. This is terrible. What are we going to do?"

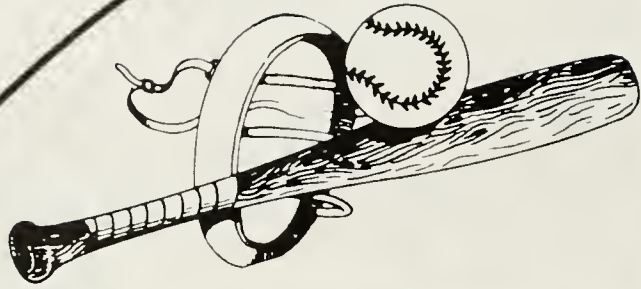

Don't get upset. Even though it seemed like everything went wrong, the evening as a whole was a success. Once the band and Muck students warmed up there was no stopping them.

1976-1977 was a sensational year for McKendree College basketball, as the Cats gained national recognition with their own brand of high-powered and exciting basketball.

Returning a veteran club led by senior All-American candidate Dale Haverman, Coach Harry Statham had expectations of a successful season. Besides the 6'7" Haverman, other returnees included 6'7" senior Gary Vandelloo, 6'8" senior Phil Souders, 5'10" senior Chuck Renner, 6'2" senior Mike Schaulat, 6'2" junior Dave Warnecke, and 6'2" sophomore Bob Haida. Transfers Barry Harris, 6'6" from Belleville Area College and Ron Henry, 6'8" from Kansas State added to the expectations, although Henry wouldn't become eligible until the semester break. Freshman ballhandler Lance Gardner figured to see considerable action as understudy to Renner.

The 11 games of the first semester proved uneventful. The Cats completed a record of seven and four, losing to District 20 rivals Quincy and St. Xavier, as well as Hendrix, Arkansas and Northwest Missouri State University. An early season injury to Chuck Renner was significant in the lackluster start for McKendree.

The second semester found Renner healthy and Ron Henry eligible. With the 6'8" Henry dominating the middle with rebounding and scoring, and 6'7" Haverman leading the scoring from long range, McKendree became a power. Scoring at a fraction under 100 points a game, the Bearcats won the final 15 games on the schedule, including victories over arch-rivals University of Missouri-St. Louis, S. I. U. -Edwardsville, Quincy College, and a win at Owensboro, Kentucky over Kentucky Wesleyan, a five-time National Champion in the N. C. A. A. Division 2. Kentucky newspapers called the game the worst home-court defeat for Wesleyan in 20 years and the 112 McKendree points the highest total for a visiting team ever.

The season was also sensational statistically. McKendree led NAIA District 20 in almost every offensive category, including points per game (97.8), Field goal percentage (.51), and free throw percentage (.74). Dale Haverman (25.1) challenged Illinois Wesleyan's Jack Sikma (26.1), an All-American, for the scoring

championship of the District. Mike Schaulat was near the top in both field-goal (.58) and free-throw shooting (.82). Barry Harris was a leader in free-throw shooting (.824). Ron Henry challenged the leaders in rebounding (15.1).

Another highlight of the season was the 200th win in the McKendree coaching career of Harry Statham. Statham's 11-year record at McKendree now stands at 211 wins and 85 losses, giving him an average of 19 wins per season. In post-season honors, Statham was chosen NAIA District 20 of the Year for 1976-77.

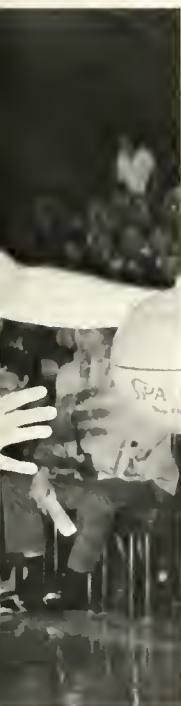

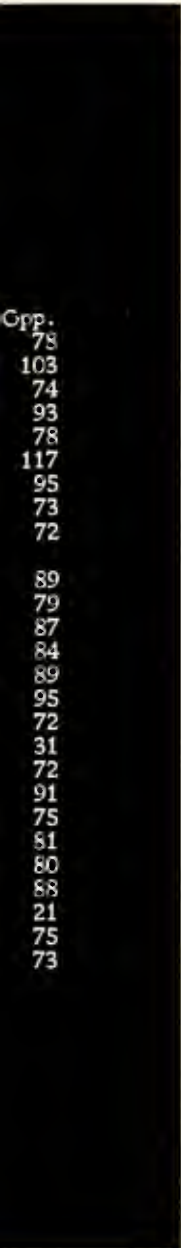

The season culminated with McKendree being selected to participate in the post-season District 20 playoffs. Seeded number two behind Illinois Wesleyan, McKendree drew a bye in the first round, and then played Quincy, a first round winner over Eureka.

The game marked the second contest with Quincy in a week. The Hawks closed McKendree's regular season with a visit to the Cat's gym on Wednesday, March 23. McKendree won 80-75 in a slow-down contest, something several of McKendree's opponents tried unsuccessfully during the season. Then the two teams had to meet again on the next Monday night, again at the Bearcat gym. Another standing-room-only crowd filled the tiny gymnasium, witnessing McKendree taking a seven point lead into the dressing room at half-time. The Cats faltered in the second half and eventually lost the game by a single point (73-72), ending a great season at 21 and 5. Quincy lost two night later at Illinois Wesleyan by two points in overtime, and Wesleyan won their first two games in the national tournament before bowing out in overtime.

Highlights of the season have to be the 15 wins in a row, a new McKendree record the big win at Kentucky Wesleyan, the selection to the District 20 Playoffs, the possibility of a professional basketball opportunity for Dale Haverman, and a feature story that appeared in the St. Louis Globe-Democrat on February 13th entitled "Little ol' McKendree". The story, detailing the exploits of the high-scoring team from Lebanon made the following comment: "Despite an enrollment of only 750, the Bearcats from Lebanon, Illinois may be the best college basketball team in the St. Louis area."

McKendree baseball team, under the leadership of head coach Van Smith, had high hopes for a N.A.I.A. berth at the beginning of the season. However, injuries mid-way through the season took a toll on the Bearcats.

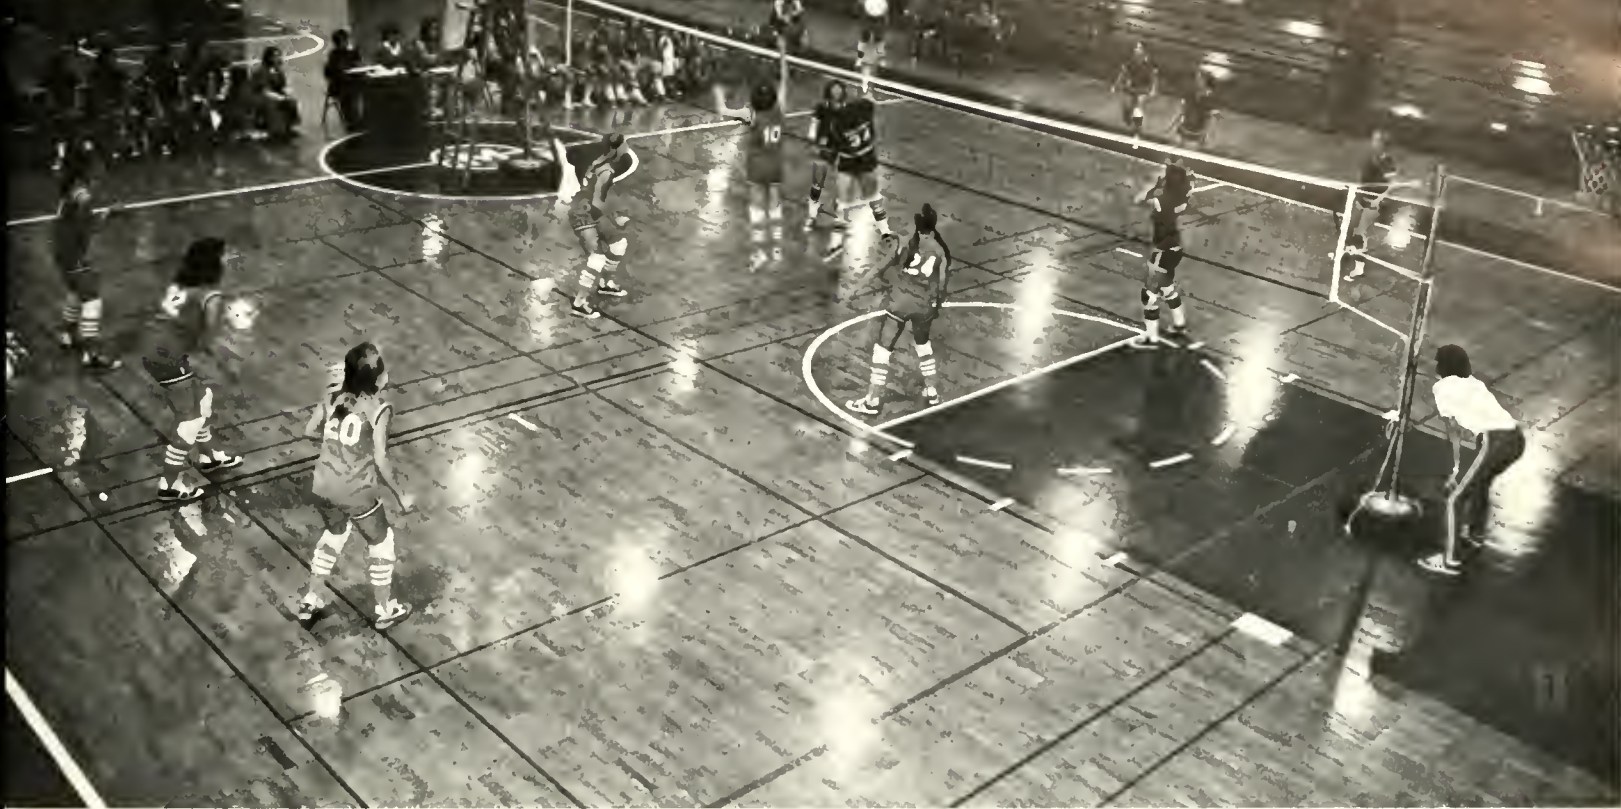

Impressive wins over the Illinois Institute of Technology and Principia College helped the Cats gain a fast 7-3 start. Soon afterward injuries started to hamper the ball club.

Dave Warnecke broke his leg in the Northeastern game. At the time of his injury, Dave was leading the team both in hitting and pitching with a .396 batting average, a 3.41 ERA and a 2-2 record. Mike Dinga and Ken Meddows pulled hamstrings, and Rich Brinkman pulled a shoulder muscle which also hurt the team.

Gary Mauser was the team's leading hitter with a .351 average. Gary also led the team in hits, 26; home runs, 9; walks, 21; and RBI's, 22. Ken Meddows was the top pitcher, with a 3.30 ERA. Mark Schmidt was the team's most valuable player. Mark led the Cats pitching staff in innings pitched, 64.2; strikeouts, 42; and starts, 9.

A renewed competitive spirit vitalized the returning lettermen and sparked the freshmen team members to their best season. Of course, super fans like "Snowman," the bus driver for the overnight game at Quincy, and team member like Bonnie Hoover, who keep everyone hopping, are important ingredients in a successful season.

However, nothing can be accomplished without skilled, dedicated players. Graduating seniors Patty Douglas, Pat Kiehna and Claudia Cook, coupled with the freshmen talent of Cindy Luedeman, Karen Missey and Bonnie Hoover were responsible for the team's improved record.

Team spirit is essential. The "card sharks," Cindy L., Bonnie H., Karen M., Kathy H., and Patty D. kept the team excited with their games of "Oh heck." The bus trips induced a confident spirit in the team, and the volleyball Cats took the court with victory in their hearts.

It was not a 500-plus season, but it was a season to take pride in.

A streak across campus at 2:00 in the morning. Fire alarms in the wee hours. Buckets of water out the windows. Barnett's maids decorating Baker 3rd. Co-ed slip and slide contests. The swirly. Fraternal abductions. Geology club meetings at the rock pile. King of the coronation court. A homecoming soccer game. The Christmas party at Trenton. Extended interdorm visitation. The roof-men of Baker. Charlie's angels. Pot's heads. Automobile touring between the dormitories. Jar night follies. Being poured into bed. Waking with a splitting head. Pulling all nighters. Cramming. Barnett's unwelcomed visitors.

What does old McKendree think about these antics and escapades? After all, good ol' McK isn't as young as it used to be. One hundred and forty nine years. That's getting on in age. If McK had a weak heart her children's pranks might cause it to stop. But it hasn't.

Ol' McKendree just smiles at the rambunctiousness of its children. It's part of growing up. Part of the indoctrination into adulthood. It's letting off the pressure created by the need for academic achievement while suffering the strains of transition into a new phase of life.

The years march on. The impressive century and a half mark, known as the sesquicentennial, is only a year distant. "Faith in the future" for the coming epoch comes from "pride in the past."

This past year, these past four years created a pride in the graduates to face the future with faith. Faithful that we can stand up to life as courageously and successfully as McKendree has stood up to the test of time. We face the future with pride in our past. Pride in our achievements and moments of triumph, and proud that we can continue on from our mistakes and low times.

McKendree made its mistakes and had low times, but continued striving toward greater achievements and triumphs. We are part of the triumph. Every graduating student is a triumph for McKendree. A graduate is someone who McKendree had a profound affect on.

McKendree is old, but it's as young as its newest student. It has a lot of heart, a strong heart. A heart strong enough and big enough to laugh at its follies and its children's follies, and continue ever onward. Maybe that's what is meant by "We're old, not old fashioned."

EDITOR'S NOTE

This is the end of my third year as editor of the McKendreean. Admittedly, it has not been pure enjoyment, but it has been an extraordinary experience.

The job teaches you about people. It teaches you how to get along and work with people. It has taught me that people at McKendree are special. I have found that trying to understand and accept people as they are, realizing their strong and weak points, and appreciating them for their positive assets, that everyone is likeable and valuable.

For this experience I'm grateful, and I wish to thank everyone who has been a part of this experience.
